Access Health CT (AHCT) is Connecticut’s official health insurance marketplace, where you can shop, compare and enroll in quality healthcare plans; and is the only place where you can qualify for financial help to lower your costs, or be eligible for free or low-cost coverage through HUSKY Health (Medicaid/the Children’s Health Insurance Program or CHIP).

The American Rescue Plan Act of 2021 (known as ARP) was signed into law on March 11 by President Biden and will make health insurance coverage more affordable and accessible for many Connecticut residents by virtually eliminating or vastly reducing monthly payments (premiums) for many; and providing new financial help to some residents for the first time.

Access Health CT has opened a Special Enrollment Period from May 1 – August 15, 2021 for new and current customers to take advantage of newly available financial help.

- The Special Enrollment Period is from May 1 – August 15, 2021.
- For residents to take advantage of new financial help available.

**How much money will people save?** It will depend on a household’s annual income.

- The average savings per household will be $116.05 per month, or $1,392.57 per year.

- Households with annual income over 400% ($51,040) of the Federal Poverty Level (FPL), will be newly eligible for financial help through Access Health CT and will see an average monthly savings of over $500 or $6.2K a year.

- People with annual income up to 150% ($19,140) of the Federal Poverty Level can now buy silver plans for nearly $0 monthly premium with a $0 deductible (the amount you pay for covered health care services before your insurance plan starts to pay) and low copay and coinsurance amounts.
• Individual taxpayers who receive Unemployment Insurance (UI) benefits at any time in 2021, will be automatically considered to have an annual income at 133% of the Federal Poverty Level ($12,880) and will be eligible for a nearly $0 premium benchmark silver plan with comprehensive cost sharing subsidies this year.

• Over half of current households in a qualified health plan will now pay under $16/month for their health insurance.
